Dear Patient:

Due to the many changes in insurance policies, it is no longer an easy task to interpret each individual policy. Although we try to stay aware of these changes, it is not always possible. Therefore, we urge you, as the patient, to check with your insurance company prior to any office or hospital procedures. It is your responsibility to know your individual coverage. Failure to comply with this suggestion could result in you, the patient, being responsible for all costs incurred during your visit. Please remember---your insurance policy is between you and your insurance company and not between the insurance company and your doctor.

Also, please be advised that anything that we remove from your skin will be sent to an outside lab. This will be a completely separate charge from the physician's charges.

Your signature below verifies that you have read and understand this statement and all your questions have been answered.

Sincerely,

David V. Spurlin, M.D.
